

BAMBERTON OPEN HOUSE

Come Explore A Little Of Our History

As the new owners of this incredible site, the team at Three Point Properties would like to show you around.

Saturday, October 1st, 2005
1pm - 4pm

- Tours of the original Bamberton Village area
- Tours of the industrial waterfront where a cement manufacturing facility once employed 300+ people for 70 years
- Meet original residents and learn the history of the once thriving and intimate community
- Light refreshments will be served

While no firm plans have been established yet for the site, we want to offer the community the opportunity to meet our team, experience a bit of South Vancouver Island history and see what we have done so far.

**Directions are available online:
